Stay in Touch with a Greener City

EVERGREEN
Imagine your city with nature

Evergreen is a national charity that makes cities more livable. By deepening the connection between people and nature, and empowering Canadians to take a hands-on approach to their urban environments, Evergreen is improving the health of our cities—now and for the future. For resources, events and ways to get involved, visit **evergreen.ca**

Text these tips to your friends and family to help leave a lighter footprint.

Dig In

Volunteer to plant native trees or pull invasive species in a park near you. Visit evergreen.ca to view our online calendar of events and invite your friends and family to join in.

Eat Local

Reduce long-distance food miles by starting a container garden on your balcony or windowsill. Visit farmers' markets for fresh, healthy food in season.

Mobile Recycling

Fido and Rogers Wireless are the national wireless sponsors for the Phones for Food program. In partnership with Food Banks Canada, the program diverts waste from landfills and helps alleviate hunger by raising funds for local food banks.

E-Billing

E-billing reduces paper use and requires less energy for transportation. Proceeds from Fido's billing program will support greening projects and the planting of 25,000 trees across Canada.

Be Native Plant Savvy

Click your way to Evergreen's online Native Plant Database. It is a wealth of information that will help you choose the most eco-friendly species for your area.

Unplug It

Disconnect your cell phone charger when your battery is full to avoid wasting 1.1 kWh per year.
