The maps are a general representation of wireless coverage as of May 2007. The areas shown are approximate and subject to change without notice. Actual coverage may vary and reception depends on system availability and capacity, system repairs and modifications, customer equipment, signal strength, as well as topographical, environmental and other conditions. Wireless handsets used in moving vehicles without an installed handsfree car kit will not receive optimal service quality and will pose a safety hazard.

All calls made or received in the U.S. are billed on a per-minute basis in Canadian dollars and are not included in your monthly package. Long-distance charges may apply. International roaming: Available only to monthly package subscribers and billed by the minute. Call 611, free of charge, from your Fido to activate international calling service. Some conditions and an activation delay may apply. For most countries, a world phone may be required. Fido cannot guarantee that 911 or other operator-dependent emergency services, data transmission or services such as Call Display, Text Messaging or others that may be operator-dependent will be available wherever you travel. The coverage zones are subject to change without notice. International roaming charges are not included in your monthly package. Some calls may appear on your invoice up to 120 days after they were made.

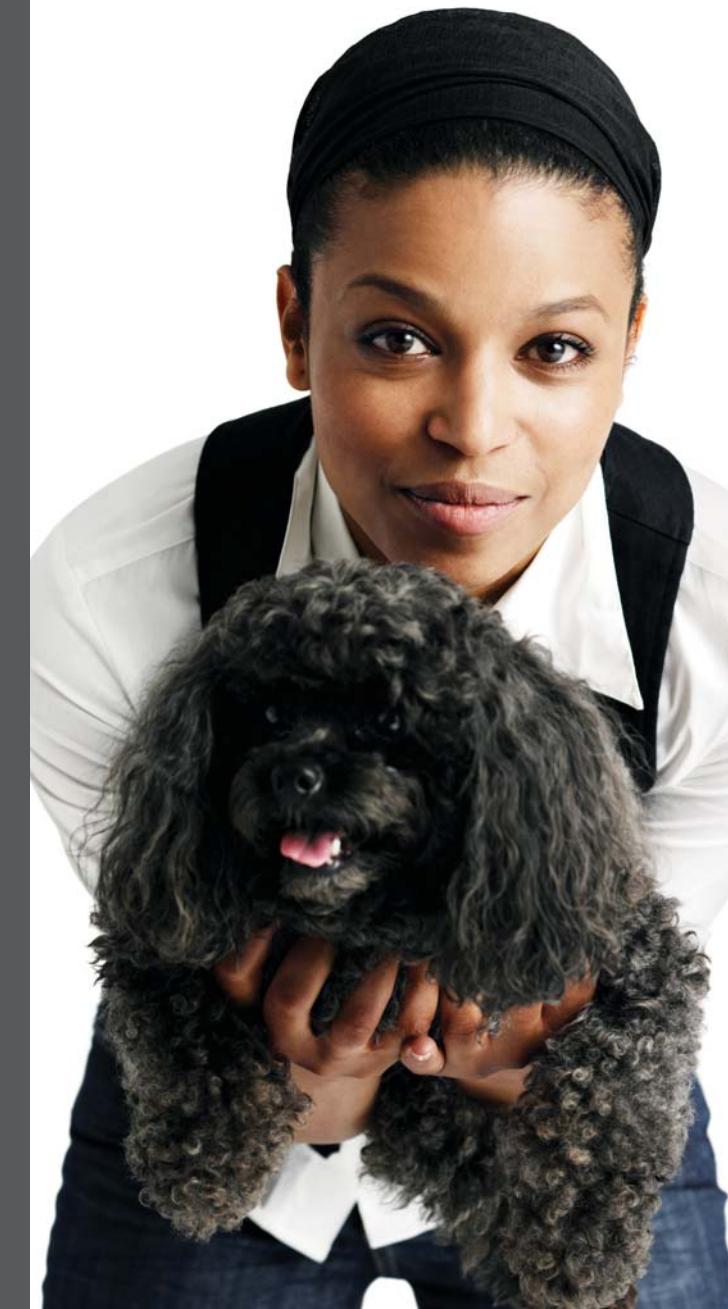

*Fido reserves the right to change the products and services described in this brochure, as well as the pricing, at any time. Fido is a registered trademark of Fido Solutions Inc. © 2007 Fido Solutions Inc.*

## COVERAGE | BRITISH COLUMBIA

# Fido coverage

## REGIONAL COVERAGE

Worry-free coverage from coast to coast.

Fido gives you access to a huge wireless network that covers 94% of the Canadian population.

On the Expanded Network, incoming and outgoing local calls are just 25¢ per minute. For unlimited access, subscribe to our Expanded Network option and you'll pay just \$5 per month. Airtime charges apply.

To find out if you're on the expanded network, call \*#123#, free of charge, from your Fido, and you'll get a message on your display.

The new 3G high-speed experience is here.

Check out our new 3G high-speed zones. Travel inside one of these zones and you'll be connected to Fido's new 3G high-speed experience. That means easy access to all kinds of content, the much talked about Video Calling and even more ways to stay connected to the people who matter most. And of course, all at high-speed.

Note: Available with a 3G high-speed Fido handset only.

For charges and details, visit [fido3gexperience.ca](http://fido3gexperience.ca)

Note: Some conditions apply. Long-distance and other charges may apply. Due to certain circumstances, the \*#123# feature may not work on some handsets and Fido may not be able to notify customers about whether or not they are on the expanded network. The Expanded Network option is not available to City Fido and Unlimited Local Calls in Canada package subscribers or prepaid service customers.
